Pillar Installation
(Horizontal Installation)

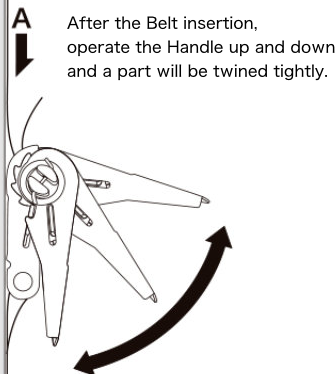

Belt Insertion Way (Ratchet Handle) Please circle the object with Belt before you use Ratchet Handle.

1. Insert Belt to the bottom interspace from backside of Ratchet Handle.

Keep the logo side up to insert

2. Turn back the Belt and insert through the interspace between metal parts with proper length.

* Please assure not to make the Belt twisted when turn Ratchet Handle around.

Installation Attention

- To avoid the Board fall, please do take off the Board first before Ratchet Handle installation or loose.
- To avoid an overturn, please do not install Ratchet Handle on unstable object.
- Please do not use Ratchet Handle to object which is damaged easily.
- To avoid an injury, please do not wheel around or through it.

Please operate it very carefully because the Board is very heavy. It is possible that the Board will fall down by an improper installation. Please check it again and again after installation. It is extremely forbidden to throw darts toward to other people. Keep darts out of the reach of small children and do not use it for purposes other than darts.
