

GRAN POLE STAND

Ceiling height
210 ~ 260cm
Can be installed

Bracket system
Supports soft dart board and steel dart board other than GRANBOARD.

Aluminum board plate

* Smartphone is not included

49mm diameter pole
A very thick aluminum pole that firmly receives the impact of darts. Can be installed safely with a single stick.

Board plate holder

Firmly fixed so that the board does not shake. The height can be easily adjusted by loosening the screws.

Lock mechanism

Easy to lock by lowering the lever. Even women can install with one touch without using power. Because it is a tilt-up method, it is more firmly fixed than the spring method.

Clip type smartphone holder
